The Commission has over the years demonstrated a firm commitment to the professional development of the Local Commissioners. Each May since 2009, the Commissioners have travelled from their home communities to Cairns for a week of workshops, seminars and presentations aimed at increasing capabilities, building morale and sharing learnings with their colleagues. This year Assistant Minister for Treasury, Glenn Butcher, representing the Hon Jackie Trad MP, officially opened the event, acknowledging and thanking the Commissioners for the work they perform in their communities, and congratulating Commissioner David Glasgow for his ten years with the FRC. Some of the Commissioners visited Djarragun College where they were shown 'D Health', the school's onsite health and wellbeing centre. The multidisciplinary medical facility (inclusive of doctors, psychologists, case managers, speech therapists and nurses) supports the health needs of both students and their families. A tour of the college took the Commissioners to the school's Vocational Education and Training workshops and the girls' boarding facilities. The Commissioners then took part in a Pathways Culture lesson with students. Hope Vale Commissioners, at the invitation of the Yarrabah Aboriginal Shire Council, travelled to Yarrabah to meet with the Mayor, Councilors and members of the community Leadership Group to provide an information session on the FRC and how it works. This was not the FRC's first visit to Yarrabah as community leaders explore options used in other regional areas to resolve issues around school attendance, youth and domestic violence.

With Welfare Reform, including the FRC, under review by both the Australian and Queensland Governments, leadership was a key focus of the 2018 Local Commissioner Development Week. The Australian Indigenous Leadership Centre from Canberra, delivered a dynamic day-long program aimed at building leadership. The program served to build upon the Commissioners existing leadership skills and equip them with increased confidence in dealing with people in positions of influence.

At the time of the planning of the Local Commissioner Development Week, the Department of Aboriginal and Torres Strait Islander Partnerships (DATSIP) was in the process of conducting consultations as part of a review into the future direction of Welfare Reform and the FRC. DATSIP representatives requested the opportunity to attend and meet with the Commissioners. During a collegial and intense consultation, Local Commissioners were able to pass on their concerns in regard to a future transition for Welfare Reform.

The Australian Department of Social Services (DSS) also took advantage of the FRC Commissioners being gathered together in the one location and met with them as part of a review into income management. DSS were tasked with this review following the extension of income management for Cape

York from June 2017 to June 2019. The Commissioners were clear in their feedback to DSS that income management had been beneficial to their communities.

Local Commissioner Development Week is always a highlight in the FRC calendar. It is an opportunity for the Commissioners to come together, to consolidate relationships, share concerns and source solutions, most often leaving with a renewed sense of solidarity.

Community consultations to inform State and Australian Government decisions on the future of Welfare Reform and the Commission concluded this quarter. DATSIP has been tasked with producing a final summary report on the consultations, and the Commission eagerly awaits its findings in order to plan for a future transition.

Two FR Board meetings were conducted this quarter in April and again in June. During the April Board meeting Mr Noel Pearson gave a vote of thanks to Commissioner Glasgow on his ten years as FRC Commissioner and thanked the Australian and Queensland Governments for supporting the FRC agenda. Mr Pearson stated that there were a growing number of families progressing and examples of children who were achieving great results as an outcome of the Commission's work, although there was still work to be done.

On 25 May the Premier and Minister for Trade, the Honourable Anastacia Palaszczuk, and Deputy Premier, Treasurer and Minister for DATSIP, the Honourable Jackie Trad, released a joint statement announcing the appointment of Dr Chris Sarra as Director-General of DATSIP. It is expected that Dr Sarra will commence in his new appointment on 7 August 2018.

(Note: Counting rules stipulate that where multiple charges are received each charge is counted as an individual notice or each child’s absence is counted as one notice – i.e. if three children from the one family were absent, that was counted as three notices).

Conferences

A total of 671 conferences² pertaining to all matters were held across the five communities in quarter 40, resulting in 24 orders made to attend community support services, 7 FRAs being entered into and 53 CIM orders were issued. Conditional Income Management

A total of 53 CIM orders were made in quarter 40, a decrease of 3 from quarter 39. 2. Future Direction and Challenges

School attendance

On Thursday 16 August 2018 the Commission received official school attendance data from the Department of Education (DoE) for term 2 2018 (this quarter). This was the first opportunity the Commission had to gauge how school attendance was progressing in each of our communities for term 2 as the Commission does not receive any official weekly school attendance data from DoE.

Commissioners continued to prioritise education matters this quarter to improve attendance, developing specific strategies in each community alongside schools and School Attendance Officers (SAOs). The Commission meets regularly with the Principal, Deputy Principal and or case managers to prioritise education matters for FRC conferencing in Aurukun, Doomadgee, Hope Vale and Mossman Gorge.

Child safety

In June 2018, the FRC received notice from the Queensland State Archivist that a freeze on the disposal of records that are relevant to, or may become relevant to, an allegation of child sexual abuse had been issued. As the FRC receives and creates a small number of records covered by the disposal freeze, steps have been taken to ensure that no documents covered by the disposal freeze are destroyed.

3. Financial Operations

Governance

Part 12 of the Act provides for the establishment of the Family Responsibilities Board (the Board).

The Board has a mandate to give advice and make recommendations to the Minister about the operation of the Commission and similarly to give advice and make recommendations to the Commissioner about the performance of the Commission's functions.

The Board must meet at least every six months. The meeting may be held by using any technology available which will allow for efficient and effective communication, however, the Board members must meet in person at least once a year. A quorum for the Board is comprised of two members. The Board's membership consists of the following members:

- Ms Tammy Williams Acting Director-General, Department of Aboriginal and Torres Strait Islander Partnerships (Chair)
- Mr Troy Sloan First Assistant Secretary, Legal, Employment, Environment and Evaluation Division, Department of the Prime Minister and Cabinet
- Mr Noel Pearson Founder, Cape York Institute.

It is anticipated that Dr Chris Sarra will commence his appointment as Director-General of DATSIP on 7 August 2018.

Operational

In meeting obligations under Part 3 of the Act, the Family Responsibilities Commission Registry (the Registry) commenced operations on 1 July 2008 with a central Registry office established in Cairns and local Registry offices operating in each of the five welfare reform communities.

The Registry, managed by the Registrar, provides corporate and operational support to the Commissioner, the Local Commissioners and the Local Coordinators.
